ScreenCraft International

Seamlessly Crafting Quality, Stitch By Stitch

About the Company

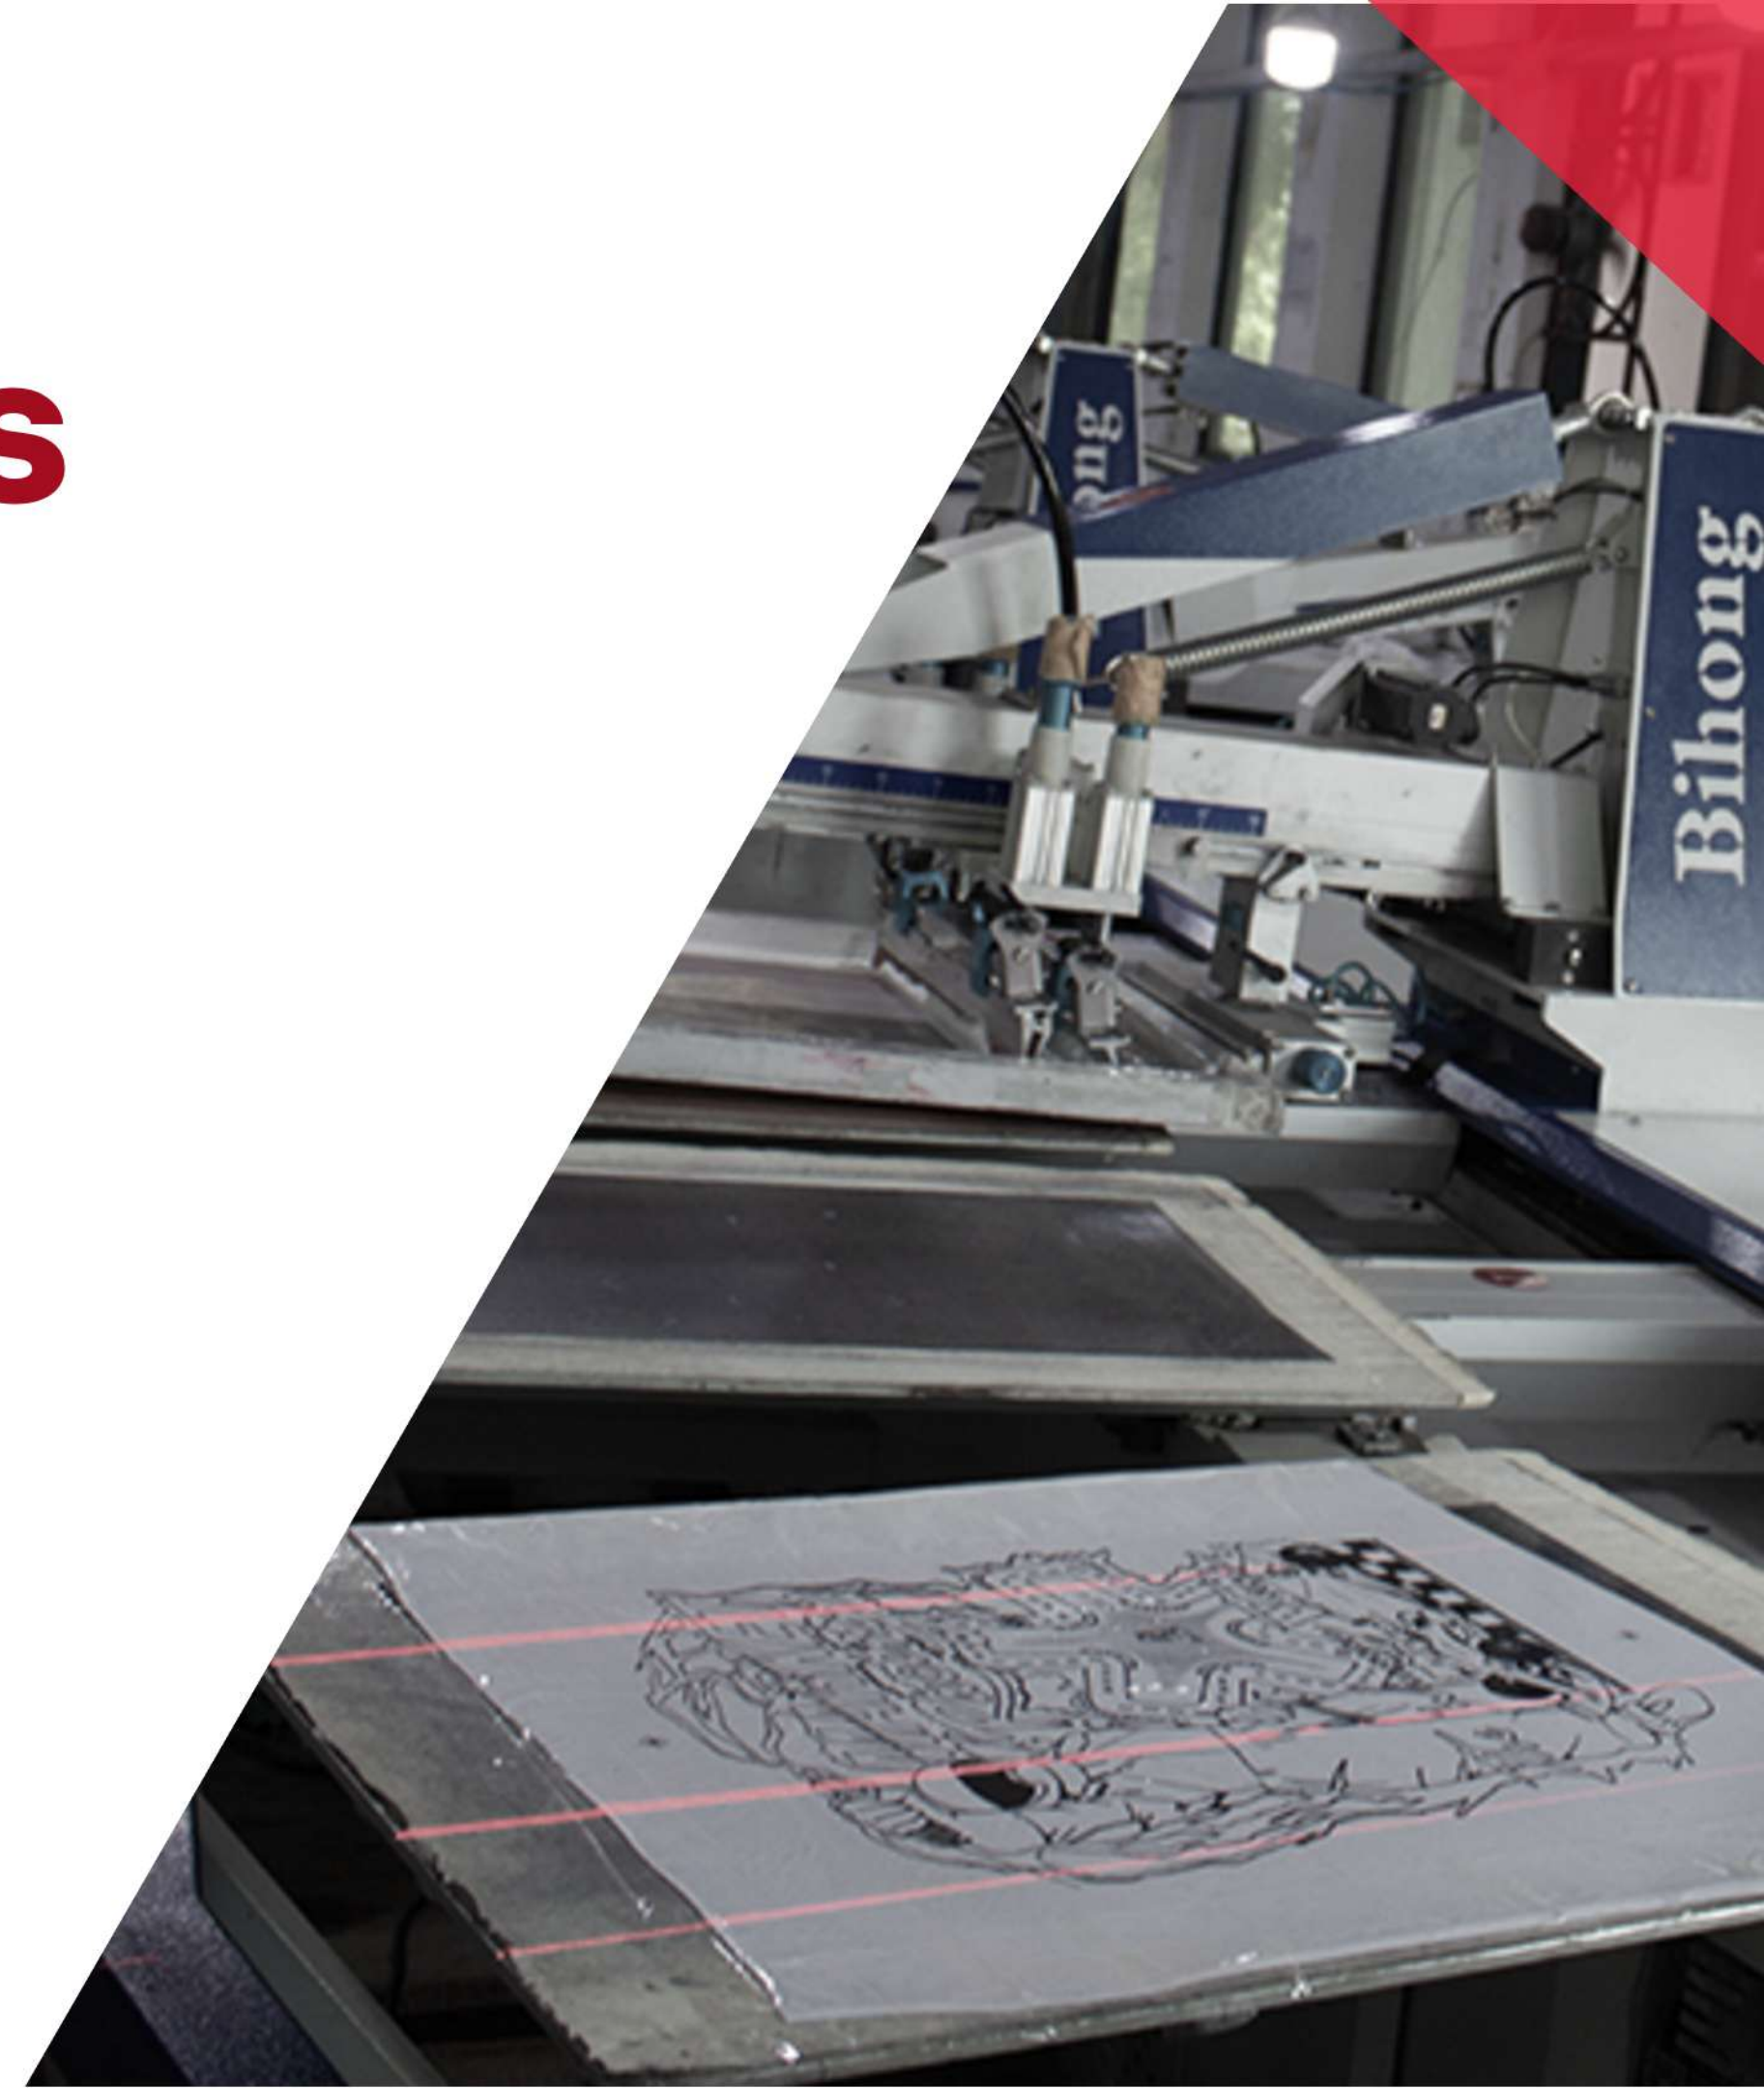

▶ **"Screencraft International is a fully vertically integrated manufacturer, founded in 1982 and recognized as a pioneer in printing technologies—often referred to as the 'Father of Printing' in Pakistan. With in-house cut-to-pack facilities and a dedicated exports department, we offer seamless production and DDP (Delivered Duty Paid) terms to our clients worldwide."**

▶ **"Screencraft is a fully vertical setup specializing in highly embellished garments at extremely competitive prices. Our services include all types of printing, sublimation, embroidery, paneling, and washing—all within a single facility. This streamlined approach eliminates unnecessary overhead costs and miscellaneous charges, ensuring efficiency and affordability for our clients."**
